## About Us

South Carolina Rural Water Association (SCRWA) is a nonprofit trade association representing water and wastewater systems throughout the state.

### MISSION STATEMENT:

Our mission is to provide technical assistance, training, public education and outreach, publications, members services and legislative monitoring.

### VISION STATEMENT:

Our vision for the South Carolina Rural Water Association is to be South Carolina's premiere resource in meeting the dynamic needs of the water and wastewater industry.

## LACI

LACI (Legislative Advocacy and Communication Initiative) is a legislative monitoring service established by SCRWA to benefit our members. Through LACI, we can keep you informed on topics being considered by your governing legislative officials as well as how these topics can impact your company or town. LACI is 100% supported through donations made by the membership of SCRWA. These funds are used to monitor and keep us advised of legislative activities that impact the water and wastewater industry in South Carolina.
